

RURAL SAFETY UNIT

Elementary Connections

SCIENCE

Energy: Understandings of the physical world are deepened by investigating matter and energy.

Gr. 4 - Students investigate how forces can act on objects without contact.

Gr. 5 - Students investigate and compare how forces affect living things and objects in water and air.

SOCIAL STUDIES

Time and Place: Exploring the dynamic relationships between people, place, and time supports understanding of perspectives and events to make meaning of the world.

How has geography contributed to the development of civilizations and empires?

Gr. 4 - Advancements in agriculture, including irrigation and the use of domesticated animals for labour, allowed for more agricultural goods to be produced by fewer people.

Junior High Connections

SCIENCE

Safety Students will be encouraged to demonstrate a concern for safety in science and technology contexts.
